

## LEAVE NO TRACE ON OPEN SPACE & MOUNTAIN PARKS

### Manage Your Dog

If your dog is off leash, you **must** display the green Voice and Sight Control tag. Keep your dog near you and under control. Carry and use a leash as required. Ask before allowing your dog to approach other people and dogs.

### Pick Up Poop

Phew! Dog poop is raw sewage. It stinks, causes damage to the environment, and others can step in it. Pack a pick-up bag and always pick up your dog's poop — wherever it's left.

### Stay on Trail

Traveling on trail leaves room for wildlife and their homes. Shortcutting trails causes erosion. Get muddy! Step right through puddles. Boots dry overnight; plants take years to recover.

### Trash Your Trash

Please take out all trash — yours and others'. Even organic garbage such as orange peels, apple cores and food scraps, take years to break down. Animals which feed on trash often die!

### Leave It as You Find It

Picking flowers, collecting rocks, or picking berries may not seem to be a big deal, but it means others won't have a chance to enjoy them. Millions of people visit Open Space & Mountain Parks. If each takes something, what will remain?

### Share Our Trails

We all enjoy Open Space & Mountain Parks in different ways. Pay attention, expect to encounter others and be courteous. Yield to all.

# Biking at Doudy Draw and Flatirons Vista

## ENJOY.

## PROTECT.

# Bike Access at Doudy Draw and Flatirons Vista

Welcome to Boulder's newest bike access trail!

This trail has been created thanks to a lot of community investment including your Open Space sales taxes and the work of many volunteers.

Over 43 miles of trails on Open Space and Mountain Parks are designated for use by off-road bicyclists. Bicycle racks are available at several major trailheads where bikes are not allowed. Go to [www.osmp.org](http://www.osmp.org) for information on other biking opportunities.

## When biking please remember to:

- Bike only on designated trails. Rangers will issue a summons to bikers caught off trail or on trails where biking is prohibited.
- Yield the right-of-way.
- Control your speed at all times. Safe speeds vary with trail conditions and intensity of use.
- Riding on wet or muddy trails causes serious trail erosion. Please choose other trails when conditions are wet.
- Let other visitors know you're coming (we encourage bells) and pass on the left.
- Don't disturb wildlife or livestock and close gates behind you.
- Carry plenty of drinking water, tools, patch kit, a spare tire and tire pump.

ENJOY.

PROTECT.
